Subject: Releasing 50% payment for the third-party service charges during the period **12/06/2020** to **12/06/2021** because of unforeseen situation in valley

Greetings Sir/Mam

We hope this letter finds you well. Through this letter we are trying to communicate to you about the loss that we at Codemites had to bear for the pre-paid third party service charges for the following period: **12/06/2020** to **12/062021**.

We request your good self to release 50% of the amount that was paid already to third-party service providers by Codemites.

In this way both the parties bear equal losses of 50% each and would be a little financial burden on Codemites.

Thank you.

We look forward to working with you.

*Regards*
